COURSE DESCRIPTION: This physical education activity course is designed as an open laboratory to allow each student the benefit of setting his or her own schedule. Emphasis is placed in four areas of physical fitness: muscle strength, muscle endurance, flexibility, and cardiovascular endurance. The fitness center contains aerobic equipment, a universal circuit, and free weights to develop more effectively one's level of physical fitness. The student is responsible for meeting the minimum exercise standards in order to receive credit. All first time students must complete an orientation prior to starting their program. All returning students must attend the initial meeting

PREREQUISITES: None

GOAL: The goal of the Fitness and Wellness course is to provide each student with the opportunity to improve his or her own fitness level

OUTCOMES: Fitness level will be increased in the following areas:

1. Cardiovascular - The fitness center contains Stairmasters, treadmills, bikes, elliptical, and rowing machines for the student to develop aerobic workouts.
2. Muscle strength and endurance - The fitness center features a universal circuit program to develop strength and endurance, individual weight stations, and free weights.
3. Flexibility - Stretching areas are provided with staff assistance in proper techniques.

The student will learn the self-discipline and responsibility required in arranging their own schedule, completing 30 hours, and maintaining the minimum exercise intensity requirements.

Each student will learn how to assess his or her current fitness levels through participation in a pre and post- test program.

METHODOLOGY: demonstration, participation

EVALUATION CRITERIA:

1. Students must complete fitness pre-test at the beginning of the semester, and a post test at the end of the semester.

Test areas:

- Step Test – Cardiovascular
- Sit & Reach – Flexibility
- One Minute Crunch – Muscle Endurance
- Bench Press – Muscle Strength
- Blood Pressure & Resting Pulse- Health Screening

When doing pre or post test, you will need to first do the test followed by a complete Super Circuit

2. Students will be evaluated on the completion of 30 hours of fitness activity at the required minimum intensity levels. Each workout must meet the minimum intensity levels outlined in the class policy section of the syllabus. The fitness center staff will evaluate each workout for acceptance toward the 30 hour goal. Students who have difficulty meeting the intensity level requirement due to injury or illness are responsible for contacting the course instructor.

3. Attendance: Students should attend on a regular schedule through out the semester.

Please do not wait until the last few weeks to complete your hours.

4. Grades: Grades will be based on completion of 30 hours of fitness activities that meet a minimum intensity level as described at orientation and listed in the policy section of the course syllabus. **Students are required to complete a pre-test and post-test. Failure to complete either the pre or post-test will result in the students' grade being lowered one letter grade.**

A=30 hours

STUDENT’S RIGHTS AND RESPONSIBILITIES: *Please refer to the Casper College Student Conduct and Judicial Code for information concerning your rights and responsibilities as a Casper College Student.*

Academic Dishonesty – Cheating and Plagiarism: *Casper College demands intellectual honesty. Proven plagiarism or any form of dishonesty associated with the academic process can result in the offender failing the course in which the offense was committed or expulsion from school. See the Casper College Student Code of Conduct.*

Chain of Command: *If you have any problems with this class, you should first contact the instructor in order to solve the problem. If you are not satisfied with the solution offered by the instructor, you should then take your problem through the appropriate chain of command starting with the department head, then the division chair, and lastly the interim vice president for academic affairs.*

Official Means of Communication: *Casper College faculty and staff will employ the student's assigned Casper College email account as a primary method of communication. Students are responsible to check their account regularly. This is also, where you will find course evaluation links during course evaluation periods.*

ADA Accommodations Policy: *If you need academic accommodations because of a disability, please inform me as soon as possible. See me privately after class, or during my office hours. To request academic accommodations, students must first consult with the college's Disability Services Counselor located in the Gateway Building, Room 344, (307) 268-2557, bheuer@caspercollege.edu. The Disability Services Counselor is responsible for reviewing documentation provided by students requesting accommodations, determining eligibility for accommodations, and helping students request and use appropriate accommodations.*

Be sure to drink plenty of water before, during and after your workout. If you have any medical problems that require specific help, please contact the instructor or a staff member.

Physical activity can cause injuries. If you don't have insurance, the Physical Education Department recommends that you consider a student insurance policy.

If you feel discomfort while working on any piece of equipment stop and consult an attendant. If any part of the pre or post test causes you physical problems ask the instructor about waiving, or modifying that exercise.
