Course Description: This course provides a study of the Federal and State laws for pharmacy and sets the ethical standards for pharmacy technicians.

Statement of Prerequisites: PHTK 1500 and concurrent enrollment in PHTK 1600, 1710 or permission from the instructor. May be used as CE for licensed technicians.

ASHP Goals and Objectives:

- 7. The technician demonstrates knowledge and understanding to assist the pharmacist in the identification of patients who desire/require counseling to optimize the use of medications, equipment, and devices.
- 11. The technician demonstrates the ability to assist the pharmacist in monitoring the practice site and/or service area for compliance with federal, state, and local laws, regulations, and professional standards.
- 14. The technician uses appropriate judgment in assisting the pharmacist in the monitoring of medication therapy.
- 16. The technician takes personal responsibility for assisting the pharmacist in improving direct patient care.
- 17. The technician demonstrates ethical conduct in all activities related to the delivery of pharmacy services and all job-related activities.
- 20. The technician understands the principals for managing change.

Course Outcomes: Student will:

- Demonstrate knowledge in the difference between the above mentioned laws, acts, regulations and amendments.

- Understand the different classes of narcotics and be able to list these drugs by trade and generic name.
- Be able to state the laws in pharmacy as they pertain to a pharmacy technician.
- Understand and relate with ethical issues in pharmacy, and define the role of a technician in these situations.
- Differentiate reference books and draw a conclusion about which reference to use in each situation.
- Demonstrate effective oral and written communications. (CC outcome 1)
- Use appropriate technology and information to conduct research. (CC outcome 6)

Methodology: Lecture, A-V material, discussion of case/common law, and guest speakers.

Research Paper:

Please email paper to instructor by October 22nd. Please also bring a printed copy to my office.

Prepare a research paper on a pharmacy law or ethical issue that is not included in the class content. The paper should be 3-5 pages double spaced. Some examples include:

- Legalizing marijuana
- Obamacare

- Addiction in the workplace
- MSDS
- USP 797, 800
- Compounding Laws

Paper must be typed double spaced with correct spelling and grammar and in APA format. Paper must be turned in through Moodle email and to instructor email at araymond@caspercollege.edu. 5 points will be deducted for each spelling or grammar mistake. Failure to use references appropriately will result in a zero grade for the assignment or failing the course for plagiarism. Include 5 references in a bibliography. (Only 2 can be internet sources.) You need to use APA format for citing the sources. Please be sure to include your sources when you use their information in the body of your paper. There will be a 10% penalty per each day late. Visiting the writing center on campus is **strongly** suggested and rewarded appropriately.

Presentations will begin on October 29th in class.

Student will prepare a 15 minute presentation over material in research paper. Visual aids, handouts, etc...will be required. Reading your paper in front of the class is not an option. You will need to make arrangements to attend class the day you need to present. Presentation is expected to be 15 minutes long. Points will be deducted if it does not meet the required length. *** Online students may either video tape their presentation or present during Lab time on Wednesdays.

Student Rights and Responsibilities: Please refer to the Casper College Student Conduct and Judicial Code for information concerning your rights and responsibilities as a Casper College student.

Chain of Command: If you have any problems with this class, you should first contact the instructor to attempt to solve the problem. If you are not satisfied with the solution offered by the instructor, you should then take the matter through the appropriate chain of command starting with the Department Head/Program Director, the Dean, and lastly the Interim Vice President for Academic Affairs.

Academic Dishonesty: (Cheating & Plagiarism) Casper College demands intellectual honesty. Proven plagiarism or any form of dishonesty associated with the academic process can result in the offender failing the course in which the offense was committed or expulsion from school. See the Casper College Student Code of Conduct for more information on this topic.

Official Means of Communication: Casper College faculty and staff will employ the student's assigned Casper College email account as a primary method of communication. Students are responsible to check their account regularly.

ADA Accommodations Policy: If you need academic accommodations because of a disability, please inform me as soon as possible. See me privately after class, or during my office hours. To request academic accommodations, students must first consult with the college's Disability Services Counselor located in the Gateway Building, Room 344, (307) 268-2557, bheuer@caspercollege.edu. The Disability Services Counselor is responsible for reviewing documentation provided by students requesting accommodations, determining eligibility for accommodations, and helping students request and use appropriate accommodations.

ADA Accommodations Policy: It is the policy of Casper College to provide appropriate accommodations to any student with a documented disability. If you have a need for accommodation in this course, please make an appointment to see me at your earliest convenience.
