#### **Statement of Prerequisites:**

None required

#### **Goal:**

By completing this class, students should more broadly understand human culture and methods for studying it. Students should also develop a deeper appreciation for human diversity and cultural differences.

#### **Outcomes:**

This class will focus on the following three of the Casper College course outcomes:

- 1. Demonstrate effective oral and written communication**
2. Use the scientific method
- 3. Solve problems using critical thinking and creativity**
- 4. Demonstrate knowledge of diverse cultures and historical perspectives**
5. Appreciate aesthetic and creative activities

6. Use appropriate technology and information to conduct research
7. Describe the value of personal, civic, and social responsibilities
8. Use quantitative analytical skills to evaluate and process numerical data

**Course Objectives:**

--Be able to clearly and effectively express, in both conversation and writing, content reflecting the anthropological approach, including the concept of culture (connects to Outcome #1 above).

--Identify and understand the research methods associated with anthropology and social sciences broadly (connects to Outcome #3 above).

--Understand the cultural construction of race and gender, as well as global economic and political connections across cultures (connects to Outcome #3 and 4 above).

--Be able to apply major concepts and material to cases outside the classroom (connects to Outcome #3 and 4 above).

**Methodology:**

Lecture and discussion; attendance and active participation is required. Your feedback is valuable as the instructor uses course evaluations in determining course methodology.

**Evaluation Criteria:**

**NOTE: All work is due both by hard copy in class AND by uploading to turnitin on Moodle. All work may be subject to resubmission.**

**--Section Review Packets:**

At the end of Sections I and II you will be responsible for submitting a packet of materials addressing content from the respective section, which will include writing assignments. A portion of this will include materials from previous class sessions. Overall, keep in mind you will incorporate material from class and the assigned reading; therefore, if you miss class or readings throughout the section, you will do worse on these and get less out of them. Detailed instructions will be given in class and posted on Moodle.

**--Question Sets:**

In Section III, in which we will focus on two ethnographies, you will be responsible for weekly assignments addressing content from these works. These will mostly consist of providing responses to questions and short writings. There are six Question Sets assigned; however, only five count toward your grade (your lowest grade will be dropped). Question Sets will be assigned a week in advance and posted on Moodle.

**--Exam:**

In the last week, we will have an exam in class that may also consist of take home material assigned prior. You will be given precise criteria to focus on in preparation for the exam.

Section Review Packet #1	50
Section Review Packet #2	50
Question Sets	50 (5 @ 10 pts each; 6 total, lowest 1 dropped)
EXAM	50

### **IMPORTANT NOTE ON ATTENDANCE AND PARTICIPATION:**

Both the Section Review Packets and the Question Sets entail active class participation as part of the grade. You may lose up to 10 points on your packet grade and 2 points per Question Set for lack of participation. We will have class discussions and small group discussions focused on material for these assignments.

**You must be present and actively participate in class and small group discussions to avoid a point deduction. Though there is no grade category for “attendance,” you cannot participate if you are not here and you may miss materials for the packets; therefore, attendance (and active participation) is required.**

Also note that, per college policy during the specified period, I will submit a faculty-initiated withdrawal (FIW) for students who fail to attend scheduled course sessions for two consecutive weeks.

**TOTAL:** 200 (A: 200-180 / B: 179-160 / C: 159-140 / D: 139-120 / F: 119-0)
