*An assessment of class attendance, cooperation with others, class participation, attitude, initiative, and the ability to get your work in on time. Employers consider such factors to be of vital importance in evaluating employee job performance. Therefore, the letter grade you earn will reflect this aspect of your work.

Grades are calculated using a grading software program to allow for the above categories and their associated weights. You will receive a midterm and final grade for the course. If you submit files through Moodle, your grade will be recorded in Moodle but keep in mind the grades you see in Moodle do not reflect the subjective factor of your grade or the category weights. The grading scale is as follows:

- A..... 90-100%
- B..... 80-89%
- C..... 70-79%
- D..... 60-69%
