SEMESTER/ YEAR: Fall 2015

LECTURE HOURS: **Lab Hours:** 2 **Credit Hours:** 1

CLASS TIMES: TH 11:00-11:50 **Room:** TB 158

INSTRUCTOR'S NAME: Dan Dalen ATC, LAT

INSTRUCTOR'S CONTACT INFORMATION:

OFFICE: TB 163 **Phone:** 268-2518 **Email:** ddalen@caspercollege.edu

OFFICE HOURS: M- 9:00 & 2:00, TU-11:00, Wed and Fri – 9:00

COURSE DESCRIPTION: Provides clinical and field experience for the athletic training student. Skill and knowledge learned in KIN 1020, KIN 1052, KIN 1058, and KIN 2058 are applied in the clinical and field settings.

STATEMENT OF PREREQUISITES: KIN 1020, KIN 1052, KIN 1058, KIN 2058, ZOO 2040, ZOO 2041 and concurrent enrollment in KIN 2057

GOAL: The purpose of this course is to provide clinical and field experiences for the athletic training student. It will combine class work with athletic training room clinical and field experiences.

OUTCOMES: Upon completion of this course, the student will be able to:

1. Perform evaluative techniques
appropriate screening procedures
2. Demonstrate the ability to
 - a. obtain and interpret information on injured body parts
 - b. recognize potential hazardous conditions and situations in the activity setting.
 - c. make the appropriate recommendations for activity or referral
3. Demonstrate the ability to perform appropriate exam to determine possible injury to bone in lower anatomy.
4. Demonstrate the ability to perform appropriate exam to determine possible muscular injury in lower anatomy.
5. Demonstrate the ability to perform appropriate exam to determine possible neurological injury in lower anatomy
6. Demonstrate the ability to disseminate injury prevention and health care information.

CLINICAL AND FIELD EXPERIENCE

The athletic training student will be expected to participate in clinical and field experiences in a variety of setting. These experiences will be gained at the Casper College athletic training room, Casper College practice and game facilities, Casper College Rodeo practices and Casper Orthopedics.

The athletic training student will be expected to gain clinical and field experiences in order to gain proficiency in the course goals. Clinical /field experience assignments are designed to ensure the student has exposure to a wide variety of experiences by working with a variety of clinical instructors, athletes and other engaged in physical activity. The multiple settings will allow exposure to traditional athletic settings as well as other allied medical and medical professions.

During this time the student will be assigned to a specific clinical instructor to monitor their experiences. The student will be assigned three, three-week rotations from the following clinical instructors. The student must complete a minimum of **120 clock hours** of clinical and field experience during these rotations.

The clinical instructors will provide for opportunities to practice and apply the clinical and field experience proficiencies as discussed under the course goals of this syllabus.

SPORT EXPERIENCE

1. Volleyball
2. Women's Basketball
3. Men's Basketball
4. Rodeo
5. Physical Therapy clinic

CLINICAL/FIELD INSTRUCTOR (S)

Nancy Robertson, PT, ATC
Dan Dalen, ATC,LAT
Mike Moline ATC,LAT

Students planning for their field and clinical experiences must make arrangements with employers so they may be available during field experience times. Generally speaking the student should keep as much of their afternoon and weekend time free for their clinical rotations. Absences from clinical and field experience rotations will compromise the student's grade and may prevent them from progressing forward with their athletic training course work. **NOTE: In order to receive a passing grade for your clinical/field experience you must complete 120 clock hours of training room and field experiences**

There will be an organizational meeting TBA. At this time the students will be assigned to the clinical instructors for their clinical/field experience rotations. Additionally the tentative course schedule will be discussed

METHODOLOGY: lecture, demonstration, participation

EVALUATION CRITERIA:

. Course Requirements:

- a. Completion of required clinical training room and field experience rotations (**120 clock hours**). The instructors will complete a written assessment of the student's progress from each three weeks rotation. This assessment will be based upon the clinical performance and proficiencies observed by the clinical instructor.
- b. Completion of Clinical Proficiencies assigned to course. Proficiencies will be evaluated using the "Clinical Proficiency Exam Form". Proficiencies are to be evaluated by ACI's during clinical rotations.
- c. Completion of oral practical exams demonstrating proficiencies covered in the course.

2. **Grading:**

Note on Grading of Proficiencies: There are proficiencies attached to KIN 2078. These proficiencies will be practiced and done until the designated due date assigned.

3. **Grading Scale:**

90-100% of total pts	= A
80-89% of total pts	= B
70-79% of total pts	= C
60-69% of total pts	= D
Below 60 % of total pts	= F

ATTENDANCE POLICY

Attendance at clinical and field experience rotations is mandatory. Any absence that the instructor is not made aware of prior to the beginning of class, by the student will be considered an unexcused absence. Unexcused absences from scheduled class, clinical and field experience rotations could cause the student to fail the course.

REQUIRED TEXT AND READING MATERIALS:

- Texts:**
- a. Brown,S. and Starkey,C Examination of Orthopedic and Athletic Injuries. 3rd Edition, F.A. Davis McGraw Hill, 2002, 11th ed.
 - b. Athletic Training Clinical Proficiencies

CLASS POLICIES:

*Last Date to Change to Audit Status: **November 12, 2015***
